Copper filter

About :- H2AAA Active Copper + Mineralising Filters are perfect examples of old tradition meeting the modern technology. These filters not only pass through Copper but at the same time also add other essential minerals like Calcium, Magnesium, Sodium & Potassium, making water Hydrogen-rich, Antioxidant, Alkaline & Antibacterial.

Benefits of Copper infused water:

- Helps breakdown food easily, leading to better metabolism, -Kill harmful bacterias present in the stomach
- Copper is a natural Antioxidant, -Boosts immunity, -Help fight Obesity
